

VINAYAK C KANAVALLI

Bangalore, Karnataka, India

+91 7338440272 | vckanavalli@gmail.com | LinkedIn | GitHub | LeetCode | Portfolio

Profile

Computer Science undergraduate skilled in Python, Django, SQL, and scalable systems using REST APIs. Experienced in debugging, data analysis, and developing secure applications following SDLC and Agile practices. Solved 280+ LeetCode problems with Global Rank 8061.

Education

BE Computer Science and Engineering	2023–2027
SJB Institute of Technology, Bangalore	CGPA: 9.21
Class XII	2023
SPSM PU College	Score: 90.66%
Class X (ICSE)	2021
Rainbow Residential Public School	Score: 85.1%

Technical Skills

- Languages: C, C++, Java, Python
- Web: HTML, CSS, JavaScript, Django, REST APIs, MySQL
- Core: DSA, OOP, OS, Computer Networks
- Tools: Git, GitHub, VS Code, CI/CD basics
- Soft Skills: Communication, Teamwork, Problem Solving, Adaptability

Projects

AI Git Intelligence Dashboard | [GitHub](#) | [Live](#) | (Team) 2026

- Built AI Git dashboard analyzing 500+ commits with real-time insights
- Detected security risks (sensitive data, weak auth), improving safety by ~40%
- Deployed full-stack app handling 100+ API calls/session with real-time updates

Parking Management System | [GitHub](#) | (Team) 2025

- Designed and developed a scalable parking management system using Django following SDLC principles
- Implemented REST APIs for slot tracking, user authentication, and real-time parking availability updates
- Optimized backend logic and debugging processes to improve system reliability and performance

DailyX Blogging Platform | [GitHub](#) | [Live](#) | 2025

- Developed a scalable micro-blogging platform using Django and MySQL supporting secure user interactions
- Designed and optimized relational database schemas improving query performance and data retrieval efficiency
- Implemented REST APIs and secure CRUD operations ensuring stable backend integration and application reliability

Experience

Web Development Intern – SkillCraft Jun 2025 – Jul 2025

- Developed scalable web applications using Python, HTML, CSS, and JavaScript following SDLC practices
- Collaborated in an Agile environment to integrate frontend and backend components efficiently
- Debugged and optimized application performance improving system reliability and user experience

Achievements

- 280+ LeetCode problems solved
- Achieved Global Rank 8061 in a Leetcode contest
- 5 star Problem Solving and 4 star Python and C (HackerRank)
- Participated in Solaris Hackathon, built an AI-based Git dashboard for real-time insights and code security analysis

Certifications

- Problem Solving & Java & Python Basic – HackerRank
- Intro to ML – Kaggle
- Web Dev Internship – SkillCraft
- Business 2 Business & Human Computer Interaction - NPTEL
